WHAT OUR CLIENTS SAY...

"I have worked as a designer in the entertainment design industry for over 30 years, even at Disney where details are treasured. The passionate attention to detail and the precise execution of them is in the DNA of O.B. Williams. No one does it better."

Eddie Sotto (Designer, President)
Sotto Studios

"On behalf of all of us at NB Design Group, we would like to express our great satisfaction with working with O.B. Williams. You have set the bar at its highest and all others pale in comparison. I have been practicing interior design since the early eighties and have worked with many sub-contractors within that time. O.B. Williams stands out as one of the best. Your attention to detail and unwavering commitment to the project schedule is unsurpassed."

Nancy C. Burfiend, ASID, IIDA (Principal)
NB Design Group

"Our gold standard for custom cabinetry and casework is the work done by O.B. Williams. They have always given us the highest quality product and service, and a Heliotrope project always stands to gain when O.B. Williams is on board."

Mike Mora, AIA (Principal, Co-Founder)
Heliotrope Architects

"Coordinating over 35,000 hours of complex custom carving with another company supplying the materials and installing our work could have been a nightmare - but with O.B. Williams' management team, it was a dream come true."

Ian Agrell (Master Carver)
Agrell Architectural Carving Ltd.

"O.B. Williams has the ability to engineer and build the very best windows and doors -- in any species, in very large sizes, and with the most difficult operational requirements. This is within the context of administrative and design capabilities that are unmatched. O.B. Williams stands behind their work..."
