WHAT OUR CLIENTS SAY...

"...O.B. Williams has set the bar at its highest and all others pale in comparison....O.B. Williams stands out as one of the best. Their attention to detail and unwavering commitment to the project schedule is unsurpassed."

Nancy C. Burfiend, ASID, IIDA ~~ NB Design Group

"Our gold standard for custom cabinetry and casework is the work done by O.B. Williams. They have always given us the highest quality product and service. A Heliotrope project always stands to gain when O.B. Williams is on board."

Mike Mora, AIA ~~ Heliotrope Architects

"O.B. Williams has the ability to engineer and build the very best windows and doors -- in any species, in very large sizes, and with the most difficult operational requirements. This is within the context of administrative and design capabilities that are unmatched. They stand behind their work."

Robert Clinkenbeard ~~ Schultz-Miller, Inc.

HISTORIC REPUTATION OVER A CENTURY IN THE MAKING

O.B. Williams Company is passionate about being the industry's benchmark for high quality custom architectural woodworking. Our 124 year legacy was earned by continuously improving our capabilities and always focusing on serving our customers, employees, suppliers and society in the most ethical and professional manner. We look forward to exceeding your expectations on your next custom woodworking project.

CUSTOM MOULDINGS & MILLWORK

The thousands of moulding samples in our display room are a valuable hands-on design resource for you. We are an excellent and cost effective resource for top quality custom wood mouldings and millwork. All mouldings are made to order and can be provided in virtually any species of wood.

CUSTOM MILLING AND SANDING

No job is too big or too small. We offer by-the-hour sanding appointments, custom milling of customer-supplied materials and we often run small batches to match a customer's existing or historic mouldings. Our friendly team can assist you with all your millwork needs.

CUSTOM CASEWORK

Our custom cabinets are meticulously engineered and fabricated by our seasoned and experienced craftsmen using vast industry insight, state-of-the-art facilities and innovative engineering solutions to deliver high-quality custom cabinets at a surprisingly competitive price.

CUSTOM PANELING

We manufacture custom architectural wood paneled walls and ceilings, box beams, wainscot, and curved (radius) paneling of all descriptions. Projects have included high-end residences, hotels, restaurants, commercial building lobbies and elegant tenant spaces.

CUSTOM WOOD WINDOWS & DOORS

O.B. Williams Company designs and manufactures custom wood windows and doors in virtually any species of wood, in special sizes and thicknesses, and at any level of complexity. As a custom manufacturer, we are able to adapt to customer requirements with relatively few design limitations.
